Super Slim Receiver Storage for Ultra Convenience

The super slim USB wireless mini receiver of P610 can be handily stored in the built-in Receiver Storage Compartment for better convenience and can also reduce the chance of losing it or leaving it behind when not in use or when traveling. Moreover, the rubber door of the receiver storage compartment allows smooth and smart receiver ejection by easily pushing and pulling.

Premium 1000DPI Ultra-High Resolution

For professionals on-the-go, P610 requires no software installation and is specifically equipped with 1000DPI sensor to provide an ultra-high resolution performance for navigating more easily.

* Battery life is dependent upon usage.

Multiple Power Saving Modes for Up to 3 Month Battery Life

The Multiple Power Saving Modes function of P610 makes it possible to extend battery life up to 3 months by allowing the mouse go into automatic sleep mode after it has not been used for a period of time, or storing its wireless receiver in the receiver storage compartment.

Intelligent Low-Power Indicator

The helpful Low-Power Indicator will blink to indicate battery status when batteries are low.
